In addition some investment options that have underlying investments that use credit facilities to gain increased asset exposures will also incur borrowing costs. Borrowing costs include interest, government charges and debt advisory costs.

Before selecting an investment option, you should refer to the fees and costs as set out in the underlying investment option's PDS.

Please contact your financial adviser for a copy of the relevant PDS for the underlying investment option or contact the relevant fund manager for details.

### ADDITIONAL CONTRIBUTIONS

After you become an investor, each time you make additional contributions to a managed fund investment option you may not have the most recent underlying fund manager PDS or have been notified about material changes or significant events relating to the investment options you have selected. You can access the most up-to-date PDS for the managed fund investment options you have selected by accessing the *Investor* Online **investoronline.info**.

### TARGET MARKET DETERMINATION

### **Investment Switch Form**

### Completing the managed investments switch form -Important Information

### Before you go ahead, you should know that the following apply unless you are completing this Investment switch form for a new account.

- Your entire investment profile (excluding assets with sales restrictions, such as existing fixed term products, closed products listed in section 4 and switches made in section 5) will be rebalanced when this Investment switch form is lodged. For more information, see the "Managing your investments" section in the PDS.
- Sales of particular investments may be subject to delays and/or restrictions, including the suspension of redemptions by the investment manager for a period of time.
- Future deposits and earnings will also be invested according to this Investment switch form unless you have instructed us not to invest excess cash, in which case no cash will be invested until you give us new investment instructions.
- Sales of particular investments could result in a capital gains tax liability being realised.

# In addition, if you have specified the Priority Sell Method the following also apply.

- Your instructions are followed as to the order in which your managed investments are sold when cash is required in your account (for example, to fund withdrawals, fees, taxes, margin calls and to top up your Cash Account balance when it falls below the minimum requirements).
- If the managed investments you nominated in the Priority Sell Method instruction are insufficient (or where no instructions exist) we will sell your managed investments in proportion to the estimated value in your account.
- The Priority Sell Method will not apply to account rebalances.

### How to complete this investment switch form

### To choose or change your investment profile:

In section 2 'Investment profile selection', indicate the percentage you would like to allocate to each managed investment. Your investment profile must add up to 100%. We will maintain up to 2% (or 5% if you have gearing) of your funds in the Cash Account balance, but you may nominate a higher percentage or dollar amount to be held in your Cash Account balance. An instruction to maintain a higher amount in your Cash Account balance can be submitted to us by your financial adviser through AdviserNET. Do not include your Cash Account balance when selecting your managed investment profile, as we automatically calculate it.

Funds deposited into your account are automatically credited to your Cash Account balance and will be invested across your investment profile when you have exceeded your Cash Account balance requirement by \$100 (or any higher nominated amount), unless you have instructed us not to invest excess cash, in which case no cash will be invested until you give us new investment instructions. An instruction not to invest excess cash can be submitted to us by your financial adviser through AdviserNET.

# Example (uses default Cash Account balance amount) Managed Investment

Ben has selected three managed investments to make up his profile. This table illustrates how his \$50,000 deposit will be invested: \$50,000 minus 2% Cash Account balance (\$1,000) leaves \$49,000 to invest.

Managed investment	Investment profile	Amount
А	25%	\$12,250
В	25%	\$12,250
С	50%	\$24,500
	100%	\$49,000

Please note, if you instruct us not to invest excess cash, auto-rebalancing and changes to your investment profile will still result in your Cash Account balance being returned to either 2% (or 5% if you have gearing) or a higher amount you have nominated.

### To choose (or change) your Priority Sell Method:

In section 2 'Investment profile section', you can specify the order you want your nominated managed investments to be sold when cash is required in your account.

Your Priority Sell Method instruction must be in numerical order. For example, 1, 2, 3 ... (where 1 is the highest priority).

### 5. Switching managed investments

### This option is not available if you have already completed the 'Investment profile selection' on this Form.

In this section, you can switch your total holding in any one managed investment into another one managed investment (existing or new).

You can also switch a partial holding in any one managed investment into another one managed investment (existing only) or the Cash Account balance (excess cash may invest across the profile). If you have auto invest excess cash on your account this will be initiated when switching to cash. If you do not want this to occur, an instruction to turn off this feature can be submitted to us by your financial adviser through AdviserNET.

Please note, when switching all or part of your holding in a managed investment, you may incur a buy/sell cost. See the underlying investment option's PDS for further information.

- Where there are multiple switches for a switch type, the switches will be processed in the order listed on the Form.
- Where a full switch and a partial switch are requested, partial switches will be processed before full switches.
- Where a partial switch or switch to the Cash Account balance is requested, there is a minimum of \$1,000 per switch.
- Where a full or partial switch from a closed managed investment is requested, it can only be switched to an existing managed investment already in your investment profile.
- If your 'Switch from' managed investment has been assigned an Priority Sell instruction, this priority will not be transferred to the 'Switch to' managed investment.

### Full switch

Switch from			Switch to	
Investment name	Code		Investment name	Code

### Note:

- When a full switch is made, the profile percentage of the 'Switch from' managed investment will be allocated to the 'Switch to' managed investment.
- A full switch instruction will not affect holdings in the remainder of your investment profile (that is, your investment profile will not be rebalanced).

### Partial switch

Switch from			Switch to		
Investment name	Code		Investment name	Code	Amount \$
		>

		>			

### Note:

- A partial switch instruction will not affect holdings in the remainder of your investment profile (that is, your investment profile will not be rebalanced).
- Partial switches can only be made to managed investments in your current profile (excluding closed investments).
- If you wish to switch one managed investment into multiple managed investments you will need to list each request separately
  on this Form.
- Where the dollar amount is equal to or greater than 95% of the asset value then the entire 'Switch from' asset will be sold. This
  may result in more or less of the holdings being switched than requested. Where the 95% rule is applied the profile percentage
  of the 'Switch from' asset will remain in your client's current profile (not applicable to closed assets which have been removed
  from your profile).

### Switch to Cash Account balance

Switch from			Switch to

### Note:

- A switch to the Cash Account balance will not change the profile percentages in your account.

An instruction not to invest excess cash can be submitted to us by your financial adviser through AdviserNET.
